

Scope of Services

MWH Law Group provides comprehensive defense services for a range of clients involved in auto accidents, ranging in nature from accidents involving personal injury to accidents allegedly caused by defective auto parts. Our team of experienced accident litigation attorneys has a proven track record in successfully and efficiently managing cases with multiple parties, including insurance carriers, independent contractors, and other stakeholders. Additionally, we pride ourselves on our well-established capabilities in the art of dual representation, adeptly defending both insurers and insureds with precision and dedication.

We prioritize clear communication and collaboration between our team and yours to ensure that all parties involved remain effectively informed. From insurance carriers seeking robust defense to independent contractors navigating complex liability issues, our clients trust us as seasoned auto accident litigators and counsel.

Recent Representative Matters

- **Represented** a Fortune 100 transportation company in a head-on fatality collision involving multiple accident reconstruction and economic damages experts. After in-depth discovery was completed, successfully resolved the litigation to the client's satisfaction.
- **Resolved** a claim regarding an accident in a rented vehicle from a dealership through negotiation of total loss value of the damaged vehicle.
- **Representation** of company in a matter where plaintiff was involved in two separate accidents but had filed suit against both defendants in the same case, alleging indivisible injury.
- **Negotiated** a pretrial settlement to our client's satisfaction for a claim involving a collision between an automobile and a motorcycle. Appropriately assessed the unfavorable liability to our client and provided a full case evaluation and settlement guidance.
- **Successfully** handled a title issue relating to the sale of an interstate vehicle to a dealership.
- **Obtained** favorable judgment before federal court trial for a liability case in which a hotel courtesy bus rear-ended a van.
- **Representation** of school districts and their insureds throughout Wisconsin in auto accident and subsequent property damage claims.
- **Defense** of parties in numerous city vehicle accidents, including garbage and other large truck collisions, for municipalities in Iowa.
- **Defense** of insured drivers involved in numerous types of vehicle accidents from inception of claim through trial. Defense often involves the use of surveillance and varied experts including, but not limited to, accident reconstruction, biomechanics, medical causation, and economic damages experts.
